Technical Specifications

- **Exclusive design** including a soft fall system on the lid and black key tops made from real wood, all as standard.
- Duplex scaling provides **a sound rich in overtones**
- **CNC-milled agraffes** in the bass register, to provide precise termination of string speaking lengths and facilitate optimum vibration of every string.
- **High quality wooden soundboard**, set in a precisely bonded locking system: robust and durable construction with a rich and balanced tonal spectrum
- **Climate-resistant** laminated pinblock in combination with a CNC-milled iron plate to provide long-lasting **tuning stability**
- Unique action design, with an equally weighted keyboard. **First class felt**, made by FEURICH in England. Keyboard and action made using **solid Austrian timber**, to produce the perfect touch and enable **fast repetition**, even when playing pianissimo
- Reliable and easy-to-operate **celeste pedal** allows quiet **night-time practice** and a **FEURICH Silencer System** can be installed to enable playing in **headphone** mode
- Extra-large piano wheels enable smooth repositioning

Beautiful design coupled with classic sound.
